POLICY FOR INTERNSHIP

Introduction:

The rise in global competition has prompted organizations to devise strategies to have a talented and innovative workforce to gain a competitive edge. Developing an internship policy is an impactful strategy for creating a future talent pool for the industry. The Internship program helps the student to gain professional know-how, to learn fresh perspectives on business issues and even mould future business leaders. Keeping this in view, Sriram polytechnic college has developed the policy for Internship Guidelines for organizing Internship for diploma engineering students. These guidelines comprise of steps for Establishing, Maintaining & Fostering Internships. Sriram polytechnic college has a strong Industry Institute Interaction and also having MOUs with various organizations, and MSMEs to facilitate internship. Further, Alumnus of our college provides Internship for students.

Objectives:

1. Exposure to students to the industrial environment, which cannot be provided in the classroom and hence creating industry ready professionals for the industry.
2. Learn to implement the Technical knowledge in real industrial situations.
3. To learn and work in machineries, in different materials, products and their applications along with relevant aspects of quality control.
4. Understand the psychology of the workers and their habits, attitudes and approach to problem solving

TEACHERS TRAINING POLICY

Fresher Induction program (FIP) :

A new faculty member who completes his/ her studies in a timely manner from any specialized institution and joins in our polytechnic council needs introductory training, he/ she's needed to give quality labors in the short run so that they lead to meaningful issues for the discipline in the medium duration which in turn a precious impact for the institutions in the long duration. Thus the faculty member is needed to plan the sweats and their directions to make the academic carrier meaningful.

Faculty induction programme (FIP) has to be implemented just after recruitment of fresh teachers.

- He/She has to keep abreast with the latest DOTE syllabus in his/her subject.
- New faculty members are trained to develop the art of preparing a systematic lesson plan and effective classroom interaction developing competence in communication skill in various models relevant to technical problems.
- Training in human values through an appropriate process of self exploration happened to be, by for the most important component of the training of fresh teachers.
- A teacher also has to learn the knack of continuous knowledge updating and lifelong learning.
- Apply the concepts, principles, and process of instructions and learning to ensure effective implementation of the curriculum.
- Demonstrate ethical and responsible, professional behaviour in the performance of his duties and rules.
- Also at successive stages of teaching career, training inputs about curricular development, infrastructure development, Institutional development, disciplinary and other important aspects of educational administration and policy formulation etc., will also be needed.
- To prescribe the structure and contents of the training program at different levels.
- To monitor, facilitate and successfully improve the quality of training by proposing to develop suitable resource person's resource material and carrying out action research.
- Basic understanding of the teaching – learning process.
- Training in preparing a systematic lesson plan and effective classroom interaction.
- Guided exposure to good teaching practice and lab development.
- Teaching in miscellaneous expects other than teaching such as administrative procedure, financial procedure and legal implication etc.,
- A fresher is required to attend two seminar / workshop / conferences in an academic year.
